REPAIR SOLUTIONS

PATENTED PRODUCT

MADE IN FRANCE

For textile and steel cord belt

REPAIR RANGE

Easy, fast and definitive solution for your conveyor belt

THE QUICK-TO-INSTALL FIX'N GO®* REPAIR PATCH FOR TEXTILE CONVEYOR BELTS

FIX'N GO®* is an innovative and quick solution to repair rips or damages on conveyor belts.

Manufactured with a 50mm³ high abrasive resistance, **FIX'N GO®*** offers a higher protection against frictions and wear exceeding your conveyor belt specification, without impacting its flexibility, resistance to elongation and tensile strength.

By repairing your belt with **FIX'N GO®***, you have permanent solution without the need to replace it in the future.

The screws, perfectly integrated in the rubber, create a smooth surface without any roughness. This innovation ensures exceptional durability and optimal compatibility with all scrapers.

+ 66% OF RUBBER*

+ 2 THICKNESSES AVAILABLE PER MODEL*

0 SURFACE ROUGHNESS

100% COMPATIBLE WITH SCRAPERS INCLUDING TUNGSTEN BLADES

3 × FASTER THAN COLD BONDING*

*up to

The **FIX'N GO®*** repair patch :

- used for longitudinal rips, belt edge snags, impacts, holes,
- even allows two belts to be spliced longitudinally,
- can be used for multi-ply and monopy belts up to 1250 N/mm,
- is available in 2 versions: galvanized steel or stainless steel,

EXCLUDING CANADA, USA, MEXICO

SUPER-SCREW® : REPAIR AND PATCH FOR TEXTILES CONVEYOR BELTS AND STEEL CORD BELTS

For your rubber conveyor belts with steel cord or textile carcasses of high tension, **SUPER-SCREW®** flexible splice to screw can be also ideal as a repair patch (holes or tears in your belt). Self-drilling and self-tapping screws pinch the cables or go through them through the cable, providing new strength to the belt's carcass.

Screws allow the **SUPER-SCREW®** splice to be installed regardless of :

- the configuration of the conveyor,
- the conditions of access,
- weather conditions,
- temperature (from -80°C (-112°F) to 200°C (392°F) peak).

NEW SUPER-SCREW® SPLICE 2024

+65% OF RUBBER*

+4 THICKNESSES AVAILABLE PER MODEL*

0 SURFACE ROUGHNESS

7^x FASTER THAN HOT SPLICING

-25% OF SCREWS*

100% COMPATIBLE WITH SCRAPERS INCLUDING TUNGSTEN BLADES

ADVANTAGES

- Installation fast and easy (optimized maintenance time)
- Whatever the weather conditions
- Without expensive equipment
- Without pre-drilling
- The screws are self-drilling and self-tapping
- Wear and cut resistant
- Compatible with conveyor scrapers
- Leak proof
- Flexible
- Various rubber qualities available

EXCLUDING CANADA, USA, MEXICO

OTHER TEMPORARY SOLUTIONS

+ Bolt plate fasteners

Bolt plate fasteners allow conveyor belts to be spliced quickly and easily. Perfect for repair rips and splice conveyor belts with high operating tension.

| | | | | | | |
|------------------------|------|------|------|-------|-------|-------|
| Bolt plate fastener n° | 1 | 140 | 190 | 11/2 | 2 | 21/2 |
| Belt thickness, mm | 5-11 | 5-11 | 8-14 | 11-17 | 14-21 | 19-25 |

Characteristics :

- Carbon steel or wear resistant carbon steel fastener
- **Packaging:** Box of 10 or 25 fasteners (depending the type)
- **Installation Method :** Belt drilling template, bolt tightening tool and bolt breaker

ADVANTAGES

- Easy and fast to install
- Without expensive installation tool

+ 6 points and multipoints fasteners

6 points and multipoints fasteners MLT allows to repair conveyor belts easily. They are ideal for belt passing.

| | | | | | | | |
|--------------------|-------|-------|--------|---------|---------|---------|---------|
| 6 points n° | 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| Belt thickness, mm | 4 - 6 | 6 - 8 | 8 - 10 | 10 - 13 | 13 - 16 | 16 - 19 | 19 - 22 |

| | | | | | | |
|--------------------|-------|-------|---------|----------|-----------|-----------|
| Multipoints n° | 110 | 112 | 113 | 114 | 115 | 117 |
| Belt thickness, mm | 3 - 4 | 6 - 8 | 8 - 9,5 | 9,5 - 11 | 11 - 14,5 | 14,5 - 17 |

ADVANTAGES

- Easy and fast to install
- Without expensive installation tools
- Perfect for belt passing

PACKAGING

Depending on your needs

6 points fasteners :

- Coated treated galvanised steel
- Fine and very sharp point fastener
- Available in boxes of 100 fasteners
- **Installation tool :** hammer

Multipoints fasteners :

- Treated galvanised steel fastener
- Available in a box with 2000 mm splice,
- Packed in boxes of 25-30 fasteners with 6 or 14 thicker, blunter points
- **Installation tool:** hammer
